

## WATER AT WORK MINISTRY

# Fuente De Esperanza

Project Completed: 2020

## PROJECT DESCRIPTION

This plant's name translates to, "Fountain of Hope" and is located in the poor, sugarcane-surrounded community of Batey Tres. It was in dire need of restoration!

This project brought a generator, reusable bottles, and plant permits to this community to ensure sustainable, affordable access to safe, clean water.

Project Number: 2020-1 **Plant Manager**  
Pastor Ramon

**Location**  
Batey Tres

**Number of Employees**  
2

**Water Production**  
100,000 gallons/year

**Partnered Church**  
TBD Members

## NOTES

Plant Manager, Pastor Ramon, has been passionately serving this area since 2010. Thankfully, this plant opened just in time to help amidst the COVID19 pandemic in 2020. During a time of struggle for many, the Lord abundantly blessed this community in a time of great need.
