

WATER AT WORK MINISTRY

Agua Ben

Project Completed: 2015

PROJECT DESCRIPTION

Neiba is a small city that is also home to an orphanage of nearly a dozen children and many more that have resided nearby, none of which had access to clean water.

This project brought a water plant, generator, reusable bottles, and delivery truck to this community to ensure sustainable, affordable access to safe, clean water.

Project Number: 003

Water Production

25,000 gallons/month

Location

Neiba

Plant Manager

Pastor Manuel Aquino

Population Served

2,000

Partnered Church

90 Members

NOTES

Plant Manager, Pastor Manuel, is an incredibly passionate and hard working leader. He has ran the orphanage through his church and provides it clean water free of charge. He has even taken out loans himself for plant upgrades and before receiving a distribution truck, he was delivering bottles of water on his own!
