

WATER AT WORK MINISTRY

Fuente De Esperanza

Project Completed: 2020

PROJECT DESCRIPTION

This plant's name translates as, "Fountain of Hope" and is located in the poor, sugarcane-surrounded community of Batey Tres. It was in dire need of a restoration!

This project brought a generator, reusable bottles, and plant permits to this community to ensure sustainable, affordable access to safe, clean water.

Project Number: 007

Water Production
7,500 gallons/month

Location

Batey Tres

Plant Manager
Pastor Ramon Antonio Ortiz

Population Served

1,000

Partnered Church
TBD Members

NOTES

Plant Manager, Pastor Ramon, has been passionately serving this area since 2010. Gratefully, this plant opened just in time to help amidst the COVID19 pandemic in 2020. Originally, this plant was constructed by a generous donor but fell to disuse and needed additional support and resources to operate again.
