

WATER AT WORK MINISTRY

Agua Fondo Negro

Project Completed: 2021

PROJECT DESCRIPTION

Fondo Negro was without clean water for 40 years! Thankfully, that is no longer the case! This community has been so blessed by clean, safe water coming to their home.

This project provided a water plant, cistern, reusable bottles, delivery truck, and plant permits to this community to ensure sustainable, affordable access to safe, clean water.

Project Number: 2021-1 **Plant Manager**
Francisco Melendez

Location
Fondo Negro

Number of Employees
6

Water Production
150,000 gallons/year

Partnered Church
TBD Members

NOTES

We are grateful to partner with Joshua 1:9, a ministry that mentors young baseball players in Fondo Negro. Special thanks go to Rotary International who generously funded this project. In 2023, a new well was drilled for the plant to provide a consistent water source.
